NOTES

The property owners, at the time of construction, shall implement the appropriate soil erosion control methods outlined in the Wisconsin Construction Site Erosion and Sediment Control Technical Standards (available from the Wisconsin Department of Natural Resources) to prevent soil erosion. However, if at the time of construction the Town has adopted a soil erosion control ordinance, it shall govern over this requirement. This provision applies to any grading, construction, or installation-related activities.

Lots 46, 57-61 and Outlot 3 include wetland areas that may require permits from the Wisconsin Department of Natural Resources, Army Corps of Engineers, Brown County Planning Commission, or the Brown County Zoning Administrators Office prior to any development activity.

No improvements or structures are allowed between the right of way line and the highway setback line. Improvements and structures include, but are not limited to signs, parking areas, driveways, wells, septic systems, drainage facilities, buildings and retaining walls. It is expressly intended that this restriction is for the benefit of the public as provided in section 236.293, Wisconsin Statutes, and shall be enforceable by the Department of Transportation or its assigns. Contact the Wisconsin Department of Transportation District Office for more information. The phone number may be obtained by contacting your County Highway Department.

Sidewalks/recreational trails will be installed in the future along Dollar Lane and Dollar Road.

RESTRICTIVE COVENANTS

The land on all side and rear lot lines of all lots shall be graded by the lot owner and maintained by the abutting property owners to provide for adequate drainage of surface water.

Each lot owner shall grade the property to conform to the adopted sidewalk grade elevation and maintain said elevation for future sidewalks.

No poles, pedestals or buried cable are to be placed so as to disturb any survey stake or obstruct vision along any lot lines or street line, a disturbance of a survey stake by anyone is a violation of section 236.32 of the Wisconsin Statutes.

Lots 46, 55-61 and Outlot 3 contain an environmentally sensitive area (ESA) as defined in the Brown County Sewage Plan. The ESA includes wetlands and all land within 35 feet of wetlands 2 acres or greater. Development and land disturbing activities are restricted in the ESA unless amendments are approved by the Brown County Planning Commission and the Wisconsin Department of Natural Resources.

Ownership and maintenance of Outlot 3 will be the Town of Ledgeview for Storm water management and for a future park.

UTILITY EASEMENT PROVISIONS

An easement for electric, natural gas, and communications service is hereby granted by

Seville Properties LLC, Grantors, to

WISCONSIN PUBLIC SERVICE CORPORATION, a Wisconsin corporation, Grantee,

their respective successors and assigns, to construct, install, operate, repair, maintain and replace from time to time, facilities used in connection with overhead and underground transmission and distribution of electricity and electric energy, natural gas, telephone and cable TV facilities for such purposes as the same is now or may hereafter be used, all in, over, under, across, along and upon the property shown within those areas on the plat designated as "Utility Easement" and the property designated on the plat for streets and alleys, whether public or private, together with the right to install service connections upon, across, within and beneath the surface of each lot to serve improvements, thereon, or on adjacent lots; also the right to trim or cut down trees, brush and roots as may be reasonably required incident to the rights herein given, and the right to enter upon the subdivided property for all such purposes. The Grantee agrees to restore or cause to have restored, the property, as nearly as is reasonably possible, to the condition existing prior to such entry by the Grantee or their agents. This restoration, however, does not apply to the initial installation of said underground and/or above ground electric facilities, natural gas facilities, or telephone and cable TV facilities or to any trees, brush or roots which may be removed at any time pursuant to the rights herein granted. Structures shall not be placed over Grantee's facilities or in, upon or over the property within the lines marked "Utility Easement" without the prior written consent of Grantee. After installation of any such facilities, the grade of the subdivided property shall not be altered by more than six inches without written consent of Grantee. This Utility Easement Provision does not prevent or prohibit others from utilizing or crossing the Utility Easement as the Utility easement(s) are non-exclusive.

The grant of easement shall be binding upon and inure to the benefit of the heirs, successors and assigns of all parties hereto.

Notes:

- 1) Prohibition of future land divisions for lots 61 and 62.
- 2) Ledgeview Code of ordinances Section 94-3(i) and Section 135-204(B) for driveway location requirements shall be met.

Restrictive Covenants for The Crossing at Dollar Creek First Addition, Town of Ledgeview, Brown County, WI

Recorded in Volume 24 of plats, Page 58
Document Number 2805096 Time 10-30-2017

1) Purpose: The purpose of these restrictions is to insure the use of the property for attractive residential purposes only, to prevent nuisances, to prevent the impairment of the attractiveness of the property, and to maintain the desired tone of the community, and thereby insure each lot owner the full benefit and enjoyment of his or her home, with no greater restriction on the free and undisturbed use of the lot than is necessary to insure the same advantages to the other lot owners.

2) Land Use And Buildings: No building shall be erected, altered, placed, or permitted to remain on any lot other than the dwellings and outbuildings provided for in these covenants. No building erected elsewhere shall be moved onto any lot. All single family homes shall have a full basement, and shall be site constructed.

3) Minimum Requirements: Residences must meet the following minimum space requirements. (Excluding garages, basement-finished or unfinished, open porches, sun porches, three seasons rooms, and breezeways.)

Lots 43-45 and 63-65:

- a) Single story ranch: 1650 sq. ft.
- b) Two story and multi-level homes: 1850 sq. ft.
- c) Minimum roof pitch 6/12

Lots 46-62:

- d) Single story ranch: 1900 sq. ft.
- e) Two story and multi-level homes: 2300 sq. ft.
- f) Minimum roof pitch 8/12

4) Developer Review: The developer reserves the right of architectural and design review for homes proposed to be constructed in the subdivision. The developers review shall include but not be limited to the covenants within this document as well as the overall design and placement of the proposed structure. The intent of this review is to encourage the same quality and standards throughout the development. Proposed plans shall be given to the developer prior to seeking a building permit from the Town of Ledgeview. Any walkouts or exposed windows from lower level must have developer, surveyor or engineer approval at the time of plan submission and be clearly indicated on the plans submitted for approval. The developer shall review and comment on the proposed plan within 10 days of receipt of the plan. Failure to comment, by the developer, within 10 days shall constitute approval. Developer approval of plans shall in no way constitute approval of any condition which would be contrary to any village, county, or state requirements. Ranch style homes must have a minimum of 50 percent brick or stone on

the front façade of the home. All roofing material must be architectural style shingles, cedar, copper, or metal roof.

5) Removal of Dirt: No fill or topsoil shall be removed from the subdivision without written consent from the developer. So long as the developer owns any lot, developer reserves the right to direct the disposition of any dirt (soil) that is to be moved from the lot.

6) Grading: No lot owner shall block, dam, or otherwise obstruct the flow of surface water drainage so as to cause such water to back-up onto the lot of another property owner or so as to restrict the use or enjoyment of any other lot by any other lot owner. Each lot owner is responsible for maintaining established grade. Lawn and landscaping to be completed within one year of occupancy in strict compliance with approved subdivision drainage plan.

7) Temporary Structures: No structure of a temporary character, trailer, basement, tent, shack, garage, or other outbuilding shall be used on any parcel at any time as a residence either temporarily, or permanently. No structure other than a fully completed residence shall be occupied.

8) Completion Date: All homes must be completed within twelve months and shall have the exterior completed within 9 months after commencement of building. Initial landscaping and lawn must be completed within 12 months after completion of building. All driveways must be hard surfaced within 12 months after completion.

9) Access: During construction, no access to the building site shall be allowed over adjacent lots. If any damage is done to the adjacent lots, the owner of the home under construction shall restore or pay the developer for the restoration of said property to its pre-damaged condition.

10) Maintenance:

a) Parking: Non-operable vehicles, boats, trailers, RV's, campers, and other such vehicles may not be parked or stored outside for more than five (5) twenty four (24) hour periods within one calendar year. Storage, temporary or permanent of these vehicles must be kept in an enclosed garage. Vacant lots may not be used for parking or storage of any kind.

b) Landscape: All lawns and landscaping shall be maintained in an attractive manner. All lawns must be kept clipped; no "wildlife" or "prairie" lawns are permitted in front of the primary structure. The cutting and storage of firewood shall be contained to an area concealed from the view of neighbors and be maintained in an orderly fashion.

c) The lot owner is required to perform all necessary maintenance and upkeep of the lot prior to construction, including keeping the lot free of trash, waste, brush, weeds and long grass. At all times during construction, the site shall be maintained to developer's reasonable satisfaction in a neat and orderly manner. Construction debris shall be

contained at all times in some manner as will prevent such material from blowing onto neighboring properties and/or streets.

11) Maintenance of Common Elements: The landscaping around the entrances to the subdivision and sign easements is to be maintained by the lot owner on which the landscaping is placed. In the event that the entrance signage needs maintenance or replacement, or for ongoing maintenance of common elements within a median or boulevard, the cost shall be distributed equally among lot owners. A group of homeowners shall convene as necessary to administer and bill for such expenses. Any fencing and landscaping installed by the developers is also the responsibility of the individual lot owners on which the monuments are placed.

12) Accessory Buildings: One accessory building shall be allowed no larger than 168 sq. ft. Outbuilding plans, specifications and site plans shall be submitted to and approved by the proprietors of this plat prior to commencement of construction. Failure to receive written approval prior to construction may result in the developer or any resident of this plat enforcing removal of such structure. All buildings shall have a concrete floor. Any accessory building shall be built on site of 2x4 construction or equal, with a shingled roof with a minimum roof pitch to match the principal structure. The accessory building shall be constructed of similar materials, in a manner to be harmonious in style and color to the principal structure. Developer reserves the right to deny, limit, or require a certain location for outbuildings so that they do not impede the view of neighboring property owners.

13) Structures other than Accessory Buildings:

a) Pets: Dog kennels cannot exceed 100 sq. ft. with a maximum height of 6 feet and must respect the same side and rear setbacks as are required for the primary structure. Plans and specifications shall be submitted to and approved by the proprietors of this plat prior to commencement of construction. Failure to receive written approval prior to construction may result in the developer or any resident of this plat enforcing removal of such structure. The developer may require extra landscaping and/ or design elements to promote harmony with surrounding structures and residents. No dog house or kennel shall be allowed in front of the primary structure. All pets must be maintained so that they do not cause a disturbance or create odors which are offensive to neighbors. However, nothing contained herein shall be construed to permit the keeping of any dog, cat, or any other pet which shall in any way constitute a nuisance.

b) Fences: No chain link type fences permitted, decorative fencing may be used. No fences shall be allowed in front of the primary structure and must comply with all Town of Ledgeview ordinances.

c) Mailboxes: Developer will provide lot owners with a list of approved mailboxes and owners must purchase and install models on the approved list.

14) These covenants and restrictions may be removed, modified, annulled, waived, changed, or amended at any time and in any manner by a written declaration setting forth

such amendment, which has been executed by the owners of at least 75% of the lots in said plat, in such form as to entitle it to be recorded with the Register of Deeds Office for Brown County, Wisconsin, provided, however, that such amendment, to be effective shall require written approval, of recordable form of developer, so long as he owns any of the lots in this plat; further provided, however, that the written approval of Developer shall not be required if the only lot he own is for a primary residence. All covenants set forth within this document shall apply exclusively to this development and in no way shall a variance or special exception to these covenants be pursued through governmental channels associated with the Town of Ledgeview or Brown County. All rights and responsibilities of the Developer shall expire upon concluding sale of all parcels in said development. If the Developer or heirs of the Developer own property within the development for personal residential purposes then their roles and responsibilities within the development shall be the same as that of any other within the development.

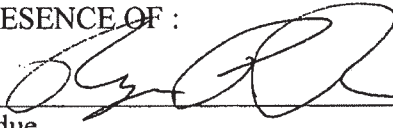

15) Enforcement: Enforcement of these covenants and restrictions shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant or restriction either to restrain a violation or to recover damages. Legal filing of violation of these covenants shall be permitted by any resident of the development, by the Developer if still holding a share of the development, or in the case of violating the adopted stormwater management plan and overall grading plan, then the Town of Ledgeview shall have the right to file. In the event of litigation to enforce these conditions, covenants, and restrictions, the non performing party or the party violating any of the conditions, covenants, and restriction shall reimburse the Developers and/or owners for all out of pocket expenses (including actual attorney's fees and court costs) incurred in enforcing these conditions, covenants, and restrictions.

16) All decisions of the developer shall be enforceable against any lot owner if made in a good faith exercise of the judgment or discretion of its members so long as such decision is not clearly in conflict with the express provisions of this declaration. Any lot owner or other person seeking to avoid, set aside or challenge any such decision of the developer shall have the burden of proof to establish that such standards were not met at the time the decision was made.

17) Variations in any of these covenants may be permitted by the developer where he is reasonably satisfied that such variations will be pleasing and generally in keeping with the character of surrounding properties and will not be a detriment to the subdivision as a whole.

18) Severability: Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any of the other provisions, which shall remain in full force and effect.
